

How to Cook Noodles

How to Cook Noodles

Ingredients

- **Rice Noodles** (or any other type of noodle as per packet instructions)
- **Chicken Breast** (2 pieces)
- **Salt and Pepper**
- **Chopped Chillis** (3 medium red)
- **Chopped Spring Onions** (3)
- **Eggs** (2)
- **Coriander** (or dried mint as a substitute)
- **Lemon Juice** (1 tbsp)
- **Brown Sugar** (1 tbsp)
- **Minced Garlic** (2 cloves)
- **Fish Sauce** (3 tbsp)

Cooking Instructions

1. **Soak the Noodles:** Begin by soaking rice noodles in hot water for about 20 minutes or until they are soft and cooked to your liking.
2. **Prepare the Chicken:** While the noodles are soaking, season the chicken breasts with salt and pepper, then grill or pan-fry until cooked through.
3. **Make the Omelette:** In a pan, heat a little oil and cook the two beaten and seasoned eggs to form an omelette. Once done, transfer it to a plate and set aside.
4. **Combine Ingredients:** In the same pan, add a bit more oil if necessary, then toss in the chopped chillis, spring onions, minced garlic, and cook for a minute until fragrant. Add in the cooked chicken, the soaked noodles, and mix well.
5. **Add Sauces and Seasoning:** Pour in the fish sauce, lemon juice, and brown sugar. Stir everything together, ensuring the noodles are evenly coated.

6. **Serve:** Serve the noodles warm, topped with the omelette cut into strips, and sprinkle with coriander.

Tips

- Adjust the amount of fish sauce according to taste.
- You can substitute rice noodles for any other noodle type; just refer to the cooking instructions on the package.
- To enhance flavor, consider adding vegetables such as beansprouts or peas during step 4.
